TIPS

- Check whether the amount your furniture is insured for corresponds to the value you have just determined.
- Don't forget to inform your insurance agent of the total amount insured for your furniture.
- File this leaflet together with your contract. It will be useful in the event of a claim.

PREVENTING BURGLARIES !

Installing security systems is an effective way to prevent burglaries. Opt for doors with five-point locks or an armoured door, metal shutters with security latches or a high-performance alarm system connected to a remote surveillance camera.

TAKE CARE OF YOUR VALUABLES

- Take pictures of each object.
- Keep invoices carefully. If you no longer have the purchase invoices, get estimates and appraisals.
- Keep everything in a safe place, preferably in a safe deposit box at your bank.
- In the event of theft, the invoices, appraisals and photos will make the work of the police and the handling of your claim easier.
- Unless there is a special clause, cover for all valuables is limited to a maximum of 40% of the total amount insured for your furniture.
